PUFFS

BEFORE USE

Pull out of the rubber rod from mouthpiece,
And tear off the bottom sticker.

6 MARQUEE LIGHTS

MIST FILLING INSTRUCTION

1. Pull up the nozzle cover.
2. Open the filling rubber and inject oil into the filling hole.
3. When the oil cup is used up, refill the oil. The process of filling the oil should not over 20 seconds, and cover the silicone cap on time.
4. The number of refilling is 1-2 times.

oil-absorbing
cotton

Note:

To provide you the better taste, please replace the oil-absorbing cotton when half of the e-liquid is used.

After the e-liquid is used up, please refill the e-liquid and replace the oil-absorbing cotton, the taste will be better.
